

# Test Report – Authorized Partner Signup Automation

**Project:** Authorized Partner Signup Automation

**Tester:** Ashok Shrestha

**Date:** [2026/02/11]

**Environment:** Windows 11, Chrome Latest, Python 3.10+, Selenium WebDriver

## 1. Test Objective

Automate the signup process on <https://authorized-partner.vercel.app/> including:

- Filling user details
- Navigating through all signup steps
- Handling form submissions automatically
- Attempting OTP submission using a mock strategy

---

## 2. Test Scope

### Included:

- User Details Form
- Form Validation
- Navigation to OTP Page
- OTP Field Detection
- Mock OTP Submission

### Excluded:

- Real OTP verification (server-side restriction)

## 3. Test Data

| Field        | Test Data              |
|--------------|------------------------|
| Name         | Ashok Test             |
| Email        | ashok.test45@gmail.com |
| Password     | Test@1234              |
| Phone        | 98XXXXXXXX             |
| Other Fields | Sample Dummy Values    |

## 4. Test Steps and Results

| Step | Action       | Expected Result   | Actual Result     | Status |
|------|--------------|-------------------|-------------------|--------|
| 1    | Open website | Signup page opens | Signup page opens | Pass   |

| Step | Action   | Expected Result                              | Actual Result                             | Status       |
|------|--|--|---|--------------|
| 2    | Fill user details (Name, Email, Password, Phone) | Fields accept input                          | Fields filled correctly                   | Pass         |
| 3    | Submit User Details                              | Navigate to OTP page                         | OTP page opens                            | Pass         |
| 4    | OTP Handling                                     | OTP field detected and entered automatically | Mock OTP entered, server validation fails | Partial Pass |
| 5    | Agency Details Page                              | Form loads and accepts input                 | Not reached due to OTP                    | Blocked      |
| 6    | Professional / Preference Forms                  | Forms load and submit                        | Not reached                               | Blocked      |

## 5. Observations / Issues

1. Real OTP is required for further progression.
2. Mock OTP strategy allows automation to demonstrate form filling up to OTP page.
3. Automation stops at OTP due to server-side restriction.
4. Full signup flow can be completed in a test environment with static OTP.

## 6. Screenshots / Evidence

- Include screenshots at key steps:
  - User Details Form filled
  - OTP page loaded
  - Mock OTP submitted attempt
- Demo video included: demo\_video.mp4

## 7. Conclusion

- Automation is successful up to OTP verification.
- The project demonstrates:
  - Selenium automation skills
  - Form handling, input validation, and navigation
  - Professional handling of real-world constraints (OTP limitation)
- Full automation beyond OTP requires backend/test access or static OTP.

## Screenshot:

The screenshot shows the homepage of the TAP (The Authorized Partner) website. At the top, there's a navigation bar with links for 'About Us', 'Book an Appointment', 'Contact Us', 'Login', and a 'Get Started' button. Below the navigation is a large section titled 'Empowering Agents to Bridge Students with Global Education'. This section includes a sub-headline: 'Your trusted partner for seamless international student recruitment. Simplify processes, maximize opportunities, and grow your network'. It features two buttons: 'Join Us Now' and 'Book a Demo'. To the right of the headline is a 'Applications Status Overview' section containing several charts and data points. The charts show 'Applications Growth Over Month' (with a total of 250), 'Total Applications' (250), 'Approved Applications' (220), and 'Total Staff' (22). Below these are 'Upcoming Application Deadlines' and 'Deposit Deadlines November - December'.

**Applications Status Overview**

- Applications In Progress: 10
- Total Applications: 250
- Approved Applications: 220
- Total Staff: 22

Upcoming Application Deadlines

- University for the Creative Arts
- Deposit Deadline November
- University for the Creative Arts

Deposit Deadlines November - December

Need Help? Contact Support

This screenshot shows the first step of the registration process: 'Set up your Account'. The page has tabs for '1. Set up your Account', '2. Agency Details', '3. Professional Experience', and '4. Verification and Preferences'. The '1. Set up your Account' tab is active. It asks for personal details: First Name (Ashok), Last Name (Shrestha), Email Address (ashok.test45@gmail.com), Phone Number (+977 9866397381), and Password (\*\*\*\*\*). A progress bar at the bottom indicates the user is on step 1 of 4. A 'Next' button is at the bottom right.

Complete Your Agent Profile in Steps

1. Set up your Account    2. Agency Details    3. Professional Experience    4. Verification and Preferences

Provide your personal details.

First Name: Ashok    Last Name: Shrestha

Email Address: ashok.test45@gmail.com    Phone Number: +977 9866397381

Password: \*\*\*\*\*    Confirm Password: \*\*\*\*\*

[Next](#)

This screenshot shows the same 'Set up your Account' step as above, but with an 'Invalid OTP' message displayed in a red box at the top right. The rest of the form and its fields are identical to the previous screenshot.

Complete Your Agent Profile in Steps

1. Set up your Account    2. Agency Details    3. Professional Experience    4. Verification and Preferences

**Invalid OTP**

Email Verification code

We sent a 6-digit email verification code to your email. Enter the code to proceed.
